Dear Parents and Caregivers,

As we approach the close of the school year, it is an appropriate time to pause to thank all who contribute to the school community of Corpus Christi and serve the learning needs of the students.

I firstly thank all staff who constantly work to improve the learning outcomes of the students by a committed and professional approach to their work. We particularly thank the teachers who are leaving our school after years of service and wish them well for their future in education.

I also thank all parents and families for their ongoing support of the school. This support is very important and shows the value of partnership in ensuring the holistic education of all the children our care.

Thank you also to the parish support of the school. We are very fortunate, indeed, to enjoy a close relationship with the Parish of Corpus Christi. It is through this connection that our children feel that they are part of a larger parish family as they grow into the people they were born to be.

May I take this opportunity to wish all families a blessed and peaceful Christmas and a joyful new year. I also thank the school community for the kind wishes that I have received for my future in my new role. I feel very blessed to have been part of the Corpus Christi community for three years and the teachers, students and parents will be held in a special part of my heart.

I look forward to keeping track of the successes of our school in the years to come and hearing of the continued growth of our students' abilities.

Yours in education,

Paul Devlin  
Principal

## END OF YEAR AWARDS

At the end of the year, our school presents students in each class with special awards for Care and Compassion, Communication and Co-operation, and Effort and Persistence. These awards are decided by the classroom teacher and given to students who constantly display these qualities. We congratulate these children on their award.

**Care and Compassion** - students demonstrate this through their interactions with classmates in and outside the learning space. They include people in learning activities, invite them into games on the playground and demonstrate compassion for those in need. In addition, these students articulate a concern for the poorest of the poor, are actively involved in fundraising or show an awareness for people less fortunate than themselves.

**Communication and Co-operation** - students demonstrate this through the way they speak with each other, staff and visitors. They are often the first to volunteer to help, they are quiet leaders - although not always first. They encourage others to achieve their best.

**Effort and Persistence** - students demonstrate this through constantly "having a go". They rarely give up and try multiple ways to achieve their goal. They show the quality of being determined to do or achieve something and have firmness of purpose.
