

Our Car Park

Dear Parents and Caregivers,

Please be aware of the following rules for safe and courteous use.

- There is one entry and one exit- it is a “one way” car park.
- The speed limit for the car park is **5km/h- Walking Pace**.
- Only park in the designated spaces.
- Spaces marked with a **Disabled Symbol** can only be used by cars displaying the appropriate sticker/authorisation.
- The Kiss and Drop operates in the morning. Parents do not get out of the car. Children get out of the car on the kerb side (safe side).
- The Kiss and Drop area cannot be used for parking in the afternoon.
- The courteous and safe attitude of all drivers helps keep the car park safe for all families.
- The car park will get busy everyday. It will take time to drop your children and pick them up- **please be patient**.
- If you see another parent not being safe or following our rules a courteous reminder is appropriate (“ Please help us keep the car park safe”) but aggression is never helpful and it only escalates the situation.
- Car park usage is monitored by the school but we rely on all parents' co-operation and adherence to these rules.

We look forward to continuing the safe use of the car park by all families in our learning community.
